PROFESSIONAL SUMMARY

Results-driven Bachelor of Computer Science student with hands-on experience in full-stack development, networking, and database systems. Skilled in building scalable web applications using modern technologies including React, Node.js, and MySQL. Strong problem-solving mindset with a passion for developing practical solutions and continuously improving technical expertise.

EDUCATION

Bachelor of Computer Science

Karatina University | 2023 – Present

Kenya Certificate of Secondary Education (KCSE)

Makueni Boys' High School | 2019 – 2022

Grade: B+

TECHNICAL SKILLS

Programming & Web Development:

HTML5, CSS3, Tailwind CSS, Bootstrap, JavaScript (ES6+), React.js, Node.js, Python

Databases:

MySQL, MongoDB, PostgreSQL

Tools & Platforms:

Git, GitHub, Docker, VS Code, Google Workspace, Kubernetes

Core Concepts:

REST APIs, Authentication & Authorization, Responsive Web Design

Additional Skills:

Problem Solving, Debugging, Technical Documentation, Team Collaboration

PROJECTS

Service Listing Platform

- Designed and developed a web-based platform enabling service providers to list and manage services while allowing users to search and book services efficiently
- Implemented responsive UI and backend logic for seamless user interaction
- **Technologies:** ReactJs, Node.js, PostgreSQL

Online Contribution/Payment Portal

- Built a system to manage user contributions and transaction records with secure authentication
- Implemented form validation and password hashing for improved data security
- **Technologies:** React.js, Bootstrap, Node.js, MySQL

RELEVANT COURSEWORK

- Web Development
- Database Systems
- Data Structures and Algorithms
- System Analysis and Design
- Software Engineering
- Networking

CERTIFICATIONS

- Full-Stack MERN Development – Power Learn Project
- SQL Basics – HackerRank
